Welcome to the No Show!

The purpose of this fun schooling day is to provide horses and riders with a low key, affordable opportunity to practice their skills and ring-readiness over quality courses in a show-like atmosphere. Perfect for horses and riders of any level, the No Show gives teams the venue to put a little pressure on and learn through the process. See you there!

How it works:

Our large grass arena will be set with a full course of beautiful, show quality jumps! We will have banners on the fence, an announcer, and a judge to give a real show-like feel. We will even have some fun options available such as a liverpool, rolltop, and natural style fences. Our sand arena will be available as a warm-up ring.

Multiple courses will be posted in hunter, jumper, and equitation styles. Before entering the ring, simply tell our announcer which course you'll be doing, then go on in and jump your round!

Immediately following your course, you can ride over to Maddy in the judge's box for feedback. You are welcome to jump as many rounds as you wish at whichever heights you choose!

Flat classes will also be run with immediate judge's feedback! Riders will line up facing the judge and receive feedback on how the class would have been pinned and why.
